Custom Features

Huge, open, sun-filled living room has vaulted ceiling with six foot dormer and hardwood floors • Gourmet kitchen offers walk-in pantry, coffee station and opens to dining area, deck and three-season sunroom • One of the best features is the owner's suite: 9-12 foot angled tray ceiling, tiled shower and a private three-season sunroom • Stroll to distillery, wine tasting, bike trails

We hadn't been planning to build a custom home, nor did we think we could afford one. Talking with Josh helped us realize that in fact we could. From the beginning, Josh kept us updated, made us aware of our options and kept us within budget. We love our custom home and are routinely complimented on its quality.
